

AtriCure at EACTS

October 7-10, 2026

Transforming Treatment.

Innovating to Empower
Every Surgical Journey.

Program

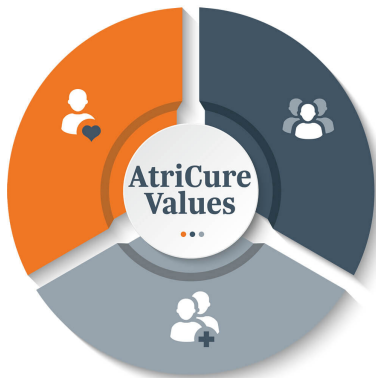

Symposium, Simulation Village, Exhibition Booth, Techno-College

AtriCure

About AtriCure

As a **leading provider** of innovative technologies for the treatment of **atrial fibrillation (AF)** and related conditions, electrophysiologists and cardiothoracic surgeons around the globe count on AtriCure to deliver **best-in-class solutions** that can treat even the most complex cases.

We invest in innovation, clinical science, and education to focus on improving lives for our patients worldwide.

Mission

We are passionately focused on reducing the global AF epidemic and healing the lives of those affected by complex arrhythmias and pain after surgery.

Values

We work to heal the lives of Patients, empower our People, and collaborate with our Partners to reduce the burden of AF worldwide.

Did you know about the 2024 ESC / EACTS Guidelines?

Concomitant surgical AF ablation has been upgraded to

Class I for AF patients undergoing mitral surgery

Class IIa for AF patients undergoing non mitral surgery

Surgical LAA exclusion has been upgraded to

Class I for AF patients undergoing cardiac surgery

Class IIa for AF patients undergoing hybrid AF ablation

Class IIb

in stand-alone setup for AF patients contraindicated for long-term OAC treatment

Hybrid AF ablation has been upgraded to

Class IIa for persistent AF patients

Class IIb for paroxysmal AF patients

AtriCure Symposium*

Advancing Surgical AF: Optimizing Ablation & LAA Exclusion

Moderators: Dr. Bart van Putte and Dr. Manuel Castella

The AtriCure Symposium will feature internationally renowned speakers to discuss LAA exclusion, ablation strategies, and comprehensive AF treatments.

- **Advancing Surgical Ablation:
New Evidence and New Perspectives**
Dr. Emilio Osorio - Vienna, Austria
- **The Next Generation of Surgical LAA Management:
Matching Device Design to Surgical Needs**
Prof. Stefano Benussi - Brescia, Italy
- **Integrating LAA Management into Minimally Invasive Cardiac Surgery:
Challenges, Solutions and Practical Lessons**
Dr. Manuel Carnero Alcázar - Madrid, Spain

**Thursday,
October 8, 2026**

12:15-13:30

Room 111

* This industry-sponsored activity will be held in conjunction with the EACTS Annual Meeting in Barcelona. It is not part of the official scientific programme of EACTS.

AtriClip Mini Corner

Visit us at Booth #3 to discover our Simulation Village and AtriClip Mini Corner featuring our latest innovations in LAA exclusion.

AtriClip FLEX-Mini® Device

AtriClip device performance with a clip deployment trigger.

AtriClip PRO-Mini® Device

Optimized visualization and placement for minimally invasive procedures.

AtriCure

AtriClip Mini

60% Smaller Profile*
Enhanced Visualization & Access

AtriClip FLEX-Mini Device

AtriClip PRO-Mini Device

*Than the next smallest LAEE surgical device

BoxX Procedure

**A comprehensive surgical AF strategy combining
a box lesion and LAA exclusion**

Isolator Synergy EnCompass® Clamp

*Ablation Simplified.
Results Amplified.*

&

AtrClip FLEX-Mini Device

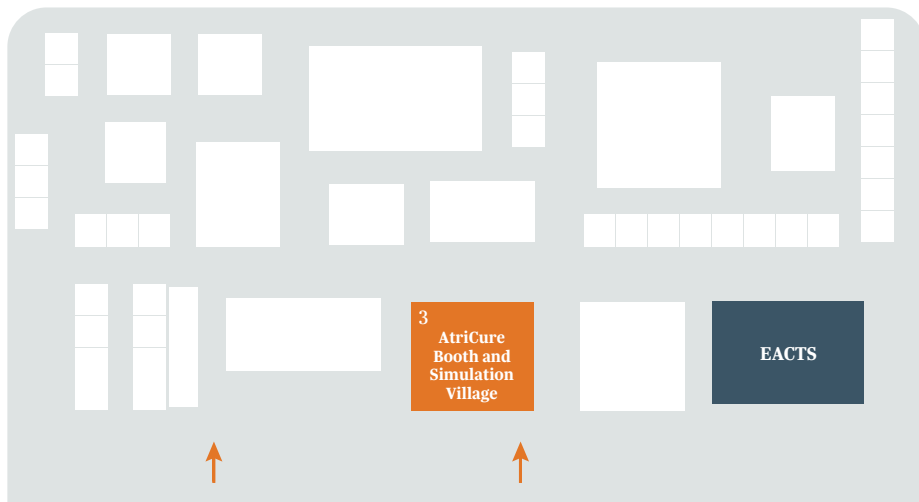

AtrClip FLEX-V® Device

Proven Performance. Expanded Possibilities.

AtriCure

Where to Find Us

Simulation Village

Discover our latest innovative simulator for AF ablation and LAA exclusion.

Exhibition Hall AtriCure Booth 3

Featuring three hands-on stations using AtriCure's unique surgical simulation model:

- Cox-Maze IV open concomitant surgical ablation
- BoxX procedure
- Hybrid AF™ Therapies and endoscopic LAA exclusion.

Thursday, October 8 09:00-19:00

Friday, October 9 09:00-17:00

Saturday, October 10 09:00-12:00

**(30-min sessions for BoxX procedure,
45-min sessions for MIS and Cox-Maze IV)**

Discover

Discover and gain skills to perform surgical AF ablation without atriotomy and LAA exclusion with the BoxX procedure.

Explore

Explore different techniques and approaches for surgical ablation and learn about the Cox-Maze IV lesion set.

Learn

Learn the main steps for endoscopic LAA exclusion, including the new AtriClip PRO-Mini and FLEX-Mini devices.

Understand

Understand how Hybrid AF™ Therapies leverage the best outcomes when ablating epicardially and endocardially the most complex forms of arrhythmias.

**Reserve a Simulation
Village session**

EACTS
Learning Lab

AtriCure is a Proud Sponsor of the EACTS Learning Lab

**Wednesday October 7,
09:50–13:00 | Room 130.**

**Hands-on Training on Innovations in Chest Wall
Trauma; Intrathoracic Rib Fixation and Cryo Nerve
Block Therapy**

TECHNO-
COLLEGE

AtriCure is a Proud Sponsor of the Techno-College
**Wednesday October 7,
14:50–15:00* | Room 115/116/117.**

**Part II: New Devices and Surgical Techniques
The Evolution of Surgical LAA Exclusion:
Past, Present and Future.**

Dr. Manuel Carnero

Hospital Clínico San Carlos, Madrid, Spain.

As part of the EACTS scientific program,
participants can join interactive Techno-College
programs featuring innovations and technological
breakthroughs in cardiovascular and thoracic
surgery.

EU Indications: The AtriClip LAA Exclusion System is indicated for use in patients at high risk of thromboembolism for whom left atrial appendage exclusion is warranted.

EU Indications: The Isolator Synergy EnCompass Clamp is indicated for the ablation of cardiac tissue for treatment of cardiac arrhythmias, including atrial fibrillation.
